

Finals Week Schedule – Spring Semester 2025

Monday, 5/12/25 – Friday, 5/16/25

The final week of Fall and Spring terms each operate on a *different schedule* than the rest of the term. One or more of your courses may meet at a different time, and possibly in a different space, than the rest of the term during finals week. Dates and times of your class meeting during finals week will be provided to you in the syllabus you receive for each of your courses.

Which courses meet during the final week of the term?

- All fully Face-to-Face courses which run through the end of the term *are required to hold an on-campus* final meeting following the schedule on page 2.
- Online Synchronous courses *will meet* during finals week, following the finals-week schedule (pg 2) in their typical virtual environments.
- Hybrid and Mostly Online courses which run through the end of the term *may or may not* have an on-campus final meeting. Your instructor will inform you whether you will meet, and what required work you are expected to complete even if there is no meeting.
- As with the rest of the term, fully online Asynchronous courses *do not meet face to face* during finals week. Your instructor can inform you about any required work there may be during this time.
- Saturday courses, and courses with an end date before the end of the term, *do not meet* during finals week.
- Courses with instructional times by arrangement *may meet at the discretion of the instructor* during finals week.

Are there exceptions to the schedule for finals week?

Students are *expected to attend* final meetings when they are scheduled, with the following exceptions:

- You have *two final meetings* scheduled at the *same time*, or
- You have *three final meetings* scheduled in *one day*

If either of these apply to you, you are expected to *communicate with your instructor(s)* to identify a solution *at least three weeks* prior to the final week of the term.

If you cannot attend the required final meeting of the course during finals week for any reason, you must work with the instructor individually to see if other arrangements can be made to reschedule or make-up the requirements.

How do I know when my final meeting will be held?

Find the regular-semester days and start times for each of your courses on the following pages. Next to each you will see when your final meeting time will take place. (If your course has more than one meeting sequence, the following page has additional tips to help you figure out when your final is scheduled)

Please contact your instructor if you have any questions not answered in this document.

Finals Week Schedule – Spring Semester 2025

How to find your final time if your course has more than one meeting sequence

- If the course has both **lecture AND lab/studio/clinical** sequences, use the lecture sequence to find your final.
- If the course is **all lecture**, and has **both online and on-campus** sequences, use the on-campus sequence.

Tips for specific courses

- In the cases of **ENGC 0860 & ENGC 0960** sections with **2 on-campus sequences** (ie Mon/Wed at 8am and also Fri at 8am), treat them as a single sequence (ie MWF at 8am).
- In the case of any of the **ENGLISH** or **MATH corequisite** courses below, follow the sequence of the first course to meet in the week.
 - EAP 1100/ENGC 1101
 - ENGC 1100/1101
 - MATH 0980/1080
 - MATH 0991/1100

(The below table reflects courses with meeting sequences scheduled for a single day. If your course has a meeting sequence over multiple days (ie, Mon/Wed or Tues/Thurs), please see the next page)
